

# Bring Buildup Mobile to your hospital

**BUILDUP MOBILE:** A mobile robotics unit that rolls into hospital rooms to promote STEAM education through hands on play.

**OUR GOAL:** To get children's minds off of the situation they're in by using a creative and educational outlet.

*"We strive to inspire creative and positive thinking by creating an environment of encouragement and healing." John McInerney – Founder, BuildUp Mobile*

## Key Benefits

Delivers a therapeutic break from the everyday routine of the hospital

Develops problem solving, organizational and planning skills

Creative and educational outlet

Introduction to programming

Easy sanitization system

Brings excitement to STEAM
